## This Ice Box Saves You Money

Big ice bills indicate a poorly constructed ice-box. More than that, they indicate that unless you continually feed ice, you waste money in food and risk the health of the family by not properly protecting the food in warm weather.

The ice-boxes we will show you are built to last for years and give perfect service. Their construction makes the ice last longer, and a low temperature is maintained in the food chambers constantly. They actually save you their cost many times over.

## A real automobile ---not a single thing lacking

Everyone has been hoping and waiting for just this kind of a car.

Small, light, economical, but with a snappy style, beautiful finish, real riding comfort and complete equipment.

Everything which makes a car a real automobile is included—absolutely everything.

There is a big advantage in getting everything with the car as it comes from the factory.

Factory engineers specify equipment that exactly suits—and the factory is squarely behind their specifications—all of them.

Electrical starting and lighting is by the Auto-Lite two-unit device—so reliable that it has been selected as regular equipment for more cars than all other systems combined.

The 20-25 h. p. motor is the very latest en bloc type with lots of "pep" and reserve power.

And that bottom price—\$615—includes everything.

Don't wait—place your order now.

Mr. and Mrs. Robertson of 5 Mount street, left the city to-day for a few weeks' stay in Brooklyn, N. Y., with their two daughters, Mrs. I. H. Miller and Mrs. W. Brown, and their two sons, John and Charles. They will also visit another son, James, in New Haven.

Joseph Corti of North Main street received a telegram yesterday advising him of the serious condition of Frank Zampieri, until recently a resident of Barre, who was injured early in the week while working in a Millford, N. H., granite shed. Early despatches were supplemented later by the information that Mr. Zampieri was struck on the head by a piece of granite while working under the derrick.

He was removed to a hospital in Nashua, where it was stated last night that his condition seemed somewhat improved. Mr. Zampieri, who was employed here in Barre as a granite cutter for several years, went to Millford about a month ago. His brother, Joseph Zampieri, and his cousin, N. Tedesci, left the city for Nashua to-day.

At a largely attended meeting of the Goddard seminary athletic association yesterday, Russell Welch of East Corinth, a junior at the school, was elected captain of the 1917 track team. Account was taken of the 1916 standing, wherein the school on the hill emerges at the head of all competing interscholastic teams in Vermont, a triumph equalled only by the record of the 1916 track team. Track men at Goddard, for the most part, are in the under classes and the dedication by graduation this year will not be large, although several veteran members are to receive their diplomas this month.

Spaulding high school teachers and teachers in the graded schools were busy to-day arranging for their annual June exodus. On early outgoing trains many of the teachers made their farewells to crowds of students who escorted them to the station. With very few exceptions, all of the teachers in the high and graded departments are to return to Barre in September. Not in several years has the entire staff remained so nearly intact as at the present time. A few vacancies that are to occur are being filled rapidly by the school commissioners.

The outlook for weather conditions favorable to baseball and other outdoor sports is not considered excessively bright by those who are called to participate in the week-end baseball contests in Barre. Nevertheless two teams that have been trying to play the national game ever since May 27 will make an effort to overcome the plain prejudice of the weather man to-day. At the Ayers street grounds the Barre A. C. will play its long deferred game with Goddard seminary and at the other extremity of the city, on the Berlin street grounds, the Italian A. C. will play a postponed game with the Green Mountain Athletics of Burlington. Both games are to be called at 3 o'clock.
